PEng, MIEM, SMIEEE, FAAET, FASc, FAETDEW

Dear Alumnus and Alumna,

**Gift of Giving**

Warm greetings from UTAR.

Congratulations to you and your family on the successful completion of your studies and your graduation. We are indeed very proud to celebrate this occasion of your graduation with you, your family and all UTARians.

This letter to all our graduates is to seek your voluntary support to contribute gifts of giving towards the UTAR Education Foundation, which goes to funding the education of all UTAR students as a whole.

As a private not-for-profit university, UTAR also relies on the generosity of donors and the public to contribute gifts of donation to UTAR Education Foundation. The Foundation receives these charitable contributions to fund the teaching, learning and research initiatives of the university in support of excellence that will ultimately enhance the quality of education provided in UTAR.

More importantly, it funds the financial assistance and scholarships needed for many students in order for them to pursue tertiary education at UTAR. It also provides funding for the many diverse student and campus activities for a balanced wholesome education, and a vibrant campus learning environment.

UTAR has endeavoured to ensure that students graduate with not just quality education and industry relevant knowledge; but also, that students are educated with the relevant soft skills and personal traits to make them highly employable in the industry. As such, many soft skills programmes and activities are conducted for the students throughout the year.

In order for UTAR to consistently continue with its educational mission and vision for the students and graduates, UTAR needs the additional support and contribution from its alumni to donate and provide gifts of cash for the future of its juniors on campus, the sustainability of the university initiatives, and the provision of financial assistance to students for many years to come.

Lastly, I would like to thank you all for your support and contribution. UTAR greatly appreciates your kindness and your contribution.

I wish you all good health and happiness, and even greater successes in all of your endeavours.

Thank you.

With warm regards,

Ir Prof Dato' Dr Ewe Hong Tat  
UTAR President
